

# La Misión de San Lucas

May 4th, 2023

Dear Financial Partner of La Misión de San Lucas and Rev. Gene Flannery,

We are so grateful for your generous financial partnership with Rev. Gene and his work over the last 10+ years among the Latino community in the Kansas City area through Misión San Lucas.

We are excited to announce that his work will be continued by Fr. José and Carmen Zurita. They are long time ministers and missionaries among the Latino community in the Dallas area where they have lived for over 40 years. They have been engaging with San Lucas over the past several months coming up for services as well as connecting over zoom. The congregation has warmly embraced them. They are also on the leadership team of C4SO's Diaspora Network, a ministry focused on strengthening and encouraging immigrant churches like San Lucas.

They are making an incredibly sacrificial commitment to this work by leaving their current home, jobs, children and grandchildren to relocate to Kansas City this summer. For their ministry to be possible they will need considerable ongoing financial support. We are encouraging current and past donors to Gene and to San Lucas to consider continuing their support by giving towards their ministry monthly. (See giving details below).

Thank you once again for supporting Rev. Gene and honoring his legacy by considering supporting the Zurita's and Misión San Lucas.
